# Welcome to our company

## About Us

# DEV BHOOMI ENGINEERING: Serving the Industry for Over 30 Years

DEV BHOOMI ENGINEERING has proudly served the industry for over three decades. As a company owned and operated by professionals, we specialize in manufacturing pharmaceutical equipment, milk plants, and office equipment using both stainless steel and mild steel.

## Commitment to Customer Satisfaction

Exceptional after-sales service is always a top priority for our customers. With over 30 years of experience, we have consistently stayed ahead of the competition by understanding our clients' needs and delivering outstanding service. Our customers frequently recommend DEV BHOOMI ENGINEERING to others, and we take great pride in this.

## Dedicated Support

To ensure seamless service, we provide a dedicated after-sales service number, where our team of professionals diligently addresses any concerns. As our company continues to grow dynamically, we are expanding our technical team's geographical reach to offer faster service.

**\*WE WILL ALWAYS BE HAPPY TO SERVE YOU!\*\***

# What We Offer?

As a leading manufacturer, we specialize in delivering high-quality stainless steel solutions, focusing on the versatile and durable 304 and 316 grades. Our expertise with 304 stainless steel makes it the ideal choice for applications in the food and beverage, architectural, and general industrial sectors, where a balance of corrosion resistance and cost-effectiveness is crucial. For more demanding environments, our 316 stainless steel products offer superior resistance to corrosion from chlorides and other harsh chemicals, making them perfect for marine, pharmaceutical, and chemical processing industries.

# Why to choose us :

- we are certified with MSME
- We provide 1 year warranty
- we are trustseal awarded by indiamart
- provide planning before fabrication
-  Delivery on time
- SEVICING AND REPAIRING
